The intention of the proposal to be voted on:

As a parent, I support the proposal to obligate the Board to:

1. Create and maintain a physical mailbox for the sole purpose of enabling parents of LFPH to enter his/her question of any kind, in the form of a printed text document to be handed to the Board by any parent who has attended a meeting of "Ombudsman group".
2. Establish an "ombudsman" function and give the "ombudsman" group the physical ability to have meetings in the LFPH on a regular basis.
3. The "ombudsman" group must not edit or change the questions received from parents in the mailbox.
4. The purpose of the "ombudsman" is to be the go-between a parent or group of parents to make sure the question is registered and answered by the Board.
5. The purpose of the "ombudsman" group is to make sure the answer from the Board is published on the official School FB website.
